### Town of Suzzara

**The town of Suzzara** supports and promotes the serenity of children inside the community with initiatives in favour of the education, the development, the life-style. It works to find creative solutions to defend and reinforce the growth of children and teens with responsibility and respect.

Through the project "A village to raise a child", the Municipality promotes actions of prevention for children and teens so that they can get places and relationships in a situation of social inclusion encouraging the learning of languages and realities from different cultures at the same time.

La Ville de Suzzara The town of Suzzara puts value on the No-profit's activity, sharing the same values and working with associations for the same goals.
