

Welcome [1]

We have created this web site to think about the basic Rights of all children with you. We want to listen to them and understand their needs to empower their potentialities.

Here you will discover:

- The [International Drawing Competition](#) [2], for children from 3 to 14 years of age;
- [Competition for professional illustrators](#) [3];
- Poetry, tales and short-stories competition for adults who will write children's stories.

You will find our “**International Movement for the respect of the rights of childhood**”; initiative aimed at involving people interested in minors' problems; and “**The Centre for the studying and valorisation of child drawing**”, where thinkers and seasoned professionals will exchange their thoughts about childhood art.

They are all activities by “Fondazione Malagutti onlus” and the community for minors “Flowered Garden” in order to sustain childhood and teens.

Moreover you will find here the “[Convention on the Rights of the Child](#) [23]”, the Manifesto as the ideology of “International Movement” and many other news from the world.
